Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Monday 13 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dull and damp start but bright spells developing.

Today:
A rather cloudy, damp start with patches of drizzle, mainly in the east, brighter spells in the west. A few light showers developing. Southeasterly winds strengthening a little in the afternoon. Maximum temperature 18 deg C (64 deg F).

Tonight:
Becoming quite cloudy during the evening with mist and a few drizzly patches. Some showers may develop later in the night and these could be heavy for a time. Minimum temperature 12 deg C (54 deg F).

Tuesday:
A cloudy start with some mist especially over the hills. Perhaps brightening up later with some late sunshine. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Showery on Wednesday but brighter spells too. Dry and bright on Thursday but strengthening winds, cloud and rain later. Rain clearing east on Friday but blustery showers expected.
